SYMPHONY ENVIRONMENTAL TECHNOLOGIES PLC

American Depository Receipt Programme (ADR)

Symphony Environmental Technologies Plc ("Symphony" "Company" or "the Group"), the degradable plastics and waste-to-energy Group, announces that it has entered into an ADR programme with the Bank of New York.

Under the ADR programme, Symphony's shares are now traded in the United States via the Bank of New York's ADR trading facility.

Michael Laurier, CEO said, "this program fits into our global strategy and in particular the USA."

Further information on the Symphony Environmental Technologies Group of companies:

SYMPHONY ENVIRONMENTAL TECHNOLOGIES PLC is a world leader in oxo-biodegradable plastic technology. The technology is recognised by the d₂w[®] droplet logo on thousands of tonnes of oxo-biodegradable plastic products. In the last 12 months enough of Symphony's d₂w additive has been sold to make **more than 5 billion degradable plastic products**

Symphony has a diverse and growing customer base and has successfully established itself as an international business. Its d₂w[®] products can already be found in more than 60 countries. Symphony is proud to be a member of the Oxo-biodegradable Plastics Association (www.biodeg.org).

Symphony is also developing innovative waste-to-energy technology and is developing cost-effective processes to convert plastics, tyres and other waste streams into valuable products.
